The CAMPION COLLEGE
Library Guide
The Campion College Library was named after Rev Fr Leo Kelly, who was an early supporter and benefactor of Campion College. The Library was established to support students in their studies of the Liberal Arts and to equip lecturers and tutors with material for their own research and teaching. The collection is inspired and articulated by the subjects of the Trivium (grammar, rhetoric and logic) which form the foundation of the modern humanities and the subjects of the Quadrivium (arithmetic, geometry, astronomy and music) which constitute the foundation of scientific knowledge. The blending of the humanities and sciences find their modern expression in the subjects offered at Campion which include history, literature, theology, philosophy, science, mathematics and languages. It is the study of these subjects that the Library collection has been specifically developed to support.

The Library was initially founded on two collections, one consisting of approximately 15,000 books from the Dominican Library Blackfriars Priory in Canberra and the other of approximately 8,000 titles purchased from the Missionaries of the Sacred Heart. The collection belonging to Dr Noel Rowe was purchased in 2007 and significantly enlarged the literature resources of the Library.

In 2005, an online catalogue was established which allowed students and staff to browse the Library holdings remotely, and by 2006 UNILINC’s ALEPH circulation and cataloguing system was implemented. This was updated in 2015 with the Alma circulation system.

Throughout the development of the Campion College Library, donations and bequests from individuals and groups have been vital in the continued enrichment of the collection. In 2007 a number of endowment funds were established to support the special collections and the academic subjects at Campion. These funds were invested to produce an annual income and have specifically been used to supplement and enlarge the special scholarly collections. A number of bequests were also made including a large collection of books covering all topics from Bishop James Bromley (2004) and 1,500 philosophy books from Rev Barry Miller SM (2006).

The Library of Campion College has also received the collection of course-notes belonging to Rev Dr Austin Woodbury, Australia’s leading Thomistic scholar and the founder of the Aquinas Academy, along with his personal books and other volumes originally part of the Academy’s Library. Fr Hilton Roberts of Canberra generously donated approximately 7,000 books in the subject areas of literature, history and theology. Various other donations include those from Fr Flynn, Christopher Flynn, Oliver Kissane, Henry Bembrick, Sr Carmel Doherty, John and Clare Galvin, Mary Harnett, Dr Cicely Howell, Les Murray, Dr Angela Ridsdale, Professor Anthony Shannon, Tony Macken and Fr Terrence Hogan among many others.

From the Library’s earliest conception to the present day, Karl Schmude has selected, donated and purchased many hundreds of books for the library across various subject areas including the special collections of The Life of Edmund Campion, the G.K. Chesterton Collection and the John Henry Newman Collection. He has recommended numerous books for purchase and has liaised with supporters of Campion who wish to donate to the library.
The Librarian works closely with the faculty to ensure relevant material is added to the Library collection to support the studies of all students and staff. There is a large collection of physical books as well as a growing collection of online databases. The Library provides the resources students need to study the Liberal Arts as well as being a relaxing and stimulating environment for students to research, read, write and collaborate with their peers. Reference assistance is available for all students and the Library also facilities the Campion College Learning Centre where students may get specific assistance with their studies. Visiting scholars are also welcome to use the Library resources to conduct their research. It is hoped that the Library will continue to flourish in the future as it expands to support the growing student body and the different subjects and courses offered at Campion.

Campion College Library has the following facilities:

- A Main Collection of 25,000 books, with an emphasis on Philosophy, Theology, Literature, History, Cultural and Political History, Latin and Greek – growing each year, supporting the integrated and cross-disciplinary approach of the Liberal Arts courses at Campion College.
- A Reference Collection which includes encyclopaedias, dictionaries and bibliographies.
- A Course Reserve Section of recommended readings by lecturers for each subject during Semester.
