RED504 Introduction to Biblical Studies	EDUC 6189 Critical Issues in Religious Education	Theology or Elective

* See the UNDA [Schedule of Courses](#) document for information about the additional course options and the Compulsory Research course.

Study options at the Australian Catholic University (ACU)

Students who have completed the *Graduate Certificate in Religious Education (Primary)* at Campion College are recommended to apply to the Australian Catholic University for admission to the following courses, requesting Recognition of Prior Learning (RPL) or Advanced Standing for the Campion units of study.

Faculty of Theology and Philosophy

- *Master of Religious Education* with an additional 80 credit points.
- *Master of Professional Studies in Theology* with an additional 80 credit points.
- *Master of Theological Studies* with an additional 120 credit points.

Faculty of Education

- *Master of Educational Leadership*

If a student who has completed a GCRE at Campion College were to enrol in the Master of Educational Leadership at ACU without specialisation then all four (4) of their GCRE units could be included as electives.

If a student who has completed a GCRE at Campion College were to enrol in the Master of Educational Leadership at ACU with specialisation then it is likely that only three (3) of their GCRE units could be included unless one (or more) of their units was classified as a Specified Unit (i.e., had sufficient similarity to an existing listed Master of Educational Leadership unit so that it could be included as a Specialisation and not an Elective unit).
