## Traditional Catholicism

St Philomena's is an independent traditional Catholic School in Brisbane, Queensland run by the Fathers of the Society of St Pius X. The traditional Catholic Faith, including studies of the catechism, Sacred Scriptures and Church history, the lives of the saints, prayer and the liturgy is central to the life of the school.

## Classical Curriculum

Our pedagogical approach is based on the Trivium-Grammer, Logic and Rhetoric. Everything we do at St Philomena is oriented so that students come to the knowledge of the true, a love of what is good, and contemplation of what is truly beautiful through teacher-centred learning.

## Our Philosophy

At St Philomena School, we value education for education's sake, and not merely as a means to something else. A true education includes so much more than mere knowledge and includes the formation of a child's character.

## Expressions of Interest

St Philomena School is constantly seeking to make contact with good teachers who want to lead students to a knowledge and love of Our Lord Jesus Christ and academic excellence.

Teachers who are familiar with such a classical curriculum, or who are ready to commit to implementing such a curriculum, are necessary to help our School fulfil its vision of education. If you are such a teacher, we invite you to submit an expression of interest, including a cover letter and resumé, to [deputy.principal@stphilomena.qld.edu.au](mailto:deputy.principal@stphilomena.qld.edu.au).
